THE OPPORTUNITY — FROM GRASS ROOTS TO THE MAJOR LEAGUES

One Athlete. One Window. One Decision.

Messiah Tuhoro is a physical outlier whose raw power and statistical output are unprecedented for a New Zealand baseball athlete. Messiah possesses the "Elite Hardware" sought by Major League Baseball scouts. He possesses a similar archetype of Vladimir Guerrero Jr., he combines physical presence with world-class bat speed. Having dominated the domestic circuit, Messiah is being developed through the N.Z. Baseball Junior Diamond Blacks program. He is also seeking the college recruitment services of CBSR Athlete Development Pathway in Texas, a direct pipeline to the U.S. Collegiate systems and MLB recruitment agencies.

LAVELLE MORGAN — 3 May 2026**Founder, College Baseball Recruiting (CSBR) | Dallas, Texas**

“Good afternoon, after reading Messiah’s metrics and watching video on his projected ability, I feel that the evaluation is very accurate. I would greet him at a mid to high-level JuCo currently, which is where he will fit in very nicely and be able to develop. Depending on those numbers, he has the body and the size of the movement to be a D1 or D2 player.”

DAVE BISHOP — 3 May 2026**Manager, NZ Babe Ruth 16U World Series 2025**

“I had the pleasure of coaching Messiah for our 2025 World Series Campaign in Branson. We had a five-month build-up to the tournament and I saw how hard this young man worked on his conditioning and his game. He was a two-way player for us on the mound as well as a key bat in the four hole of our line-up. He led our team and tournament in RBIs and home runs, which all came in big moments that contributed heavily in our programme having the highest competition finish of any New Zealand team — finishing 4th. Messiah has matured a lot since the first time I saw him play in 2024, and the maturity has benefited his game with accepting more of a leadership role. I look forward to seeing where Messiah goes with not only baseball but life, as these strengths of character will shine in any field he chooses.”

AARON CAMPBELL — 3 May 2026**Manager, Hawks 19U 2025 / 2026 Season & NZ 18U National Team (2024 & 2026)**

“Messiah is a physically gifted athlete and while he continues to learn and build on those aspects of his game, he is also developing the emotional and leadership capabilities. His confidence, preparation, and intensity make him the heart of the teams he plays on. Playing in multiple age grades (including men’s) and multiple positions (P, 1B, 3B) shows maturity beyond his age. His work ethic and desire to continuously improve pushes not only himself but his peers and the collective team.”
